

# Gray Elementary Attendance Boundary Process & Rezoning Options

December 13, 2022

# Adriane Gray Elementary School

# Rezoning Opportunities

- The goal of rezoning is to more evenly distribute enrollment across our elementary schools.
- Currently, one-third of Lamar CISD's elementary schools are over capacity. Several schools, however, are well under their enrollment caps.
- By rezoning, students at all impacted schools can receive improved learning experiences. Rezoning to more evenly distribute our students across schools will relieve stretched resources and overcrowded classrooms in schools currently over enrollment and will increase per-capita funds and resources to schools currently under-enrollment.

# Current Process

- **Step 1:** The district demographers (PASA) develop at least three options for consideration which the Board will vet and approve for the Attendance Boundary Committee (ABC) to review and provide feedback on.
- **Step 2:** The district will open a survey targeting the areas potentially impacted by rezoning.
- **Step 3:** The District will establish an Attendance Boundary Committee (ABC) to review and consider survey results and the three options. The committee will rank the options and make a recommendation to the Board of Trustees.
- **Step 4:** Administration will present the rankings and a recommendation to the Board for possible approval.
- **Step 5:** Board selects and approves zoning plans.

# Attendance Boundary Committee

- The Attendance Boundary Committee will provide community and parent involvement in redrawing attendance boundaries to accommodate new growth or shifts in its student population.
- Membership of the ABC will consist of at least two representatives from each potentially impacted campus.
- The campus administrator will select campus representatives.

# Attendance Boundary Committee

- If the ABC creates an additional option, Administration will send an information item to the impacted campuses.
- In addition, we will hold a Public Hearing at the January meeting prior to presenting the committee's ranking of the options.
